# Arun C Angaj

Technology Architect at Infosys | DIGITAL INTERACTIONS PROFESSIONAL
Kerala, India

## Summary

As an industrious developer with more than 11 years of experience in both UI and backend development, I specialize in UI development using cutting-edge technologies such as React, React Native, and Next JS. In addition, I have extensive knowledge of backend development utilizing various programming languages, including Node.js, Java, JSP, and PHP. I possess a solid understanding of working in Linux-based environments, leveraging AWS services, and applying agile methodologies to optimize project delivery. My continuous pursuit of the latest technologies and best practices enables me to deliver innovative solutions to intricate challenges.
